Junior **CRUZ**
PHOTOGRAPHY

We are Junior Cruz Weddings, a bespoke wedding photographer and videographer with a passion for telling stories. Stories about people, places and ideas. We don't believe in templates or coloring within the lines. We capture authentic moments in time; moments that flutter with vibrancy and life.

We know that hiring a photographer for one of the most important day of your lives is and won't be an easy task. We are preferred Destination Wedding Photography & Video Company in the Dominican Republic and specialist in the famous area of Punta Cana, rewarded with the Wedding Wire Couple's Choice Award.

We believe in not just providing a photoshoot service but a comfortable and fun experience, making the day smooth and stress-free, and also exceptional value and we are flexible to any request. Everything will be done prior to your arrival through our personalized and extensive (or maybe not) period of consultation with our Wedding Photography & Video Specialists, which will allow us to get to know you before "really" knowing you and make of this experience as personal and unique as you are as a couple.

We will capture the story of you TWO

trash The Dress

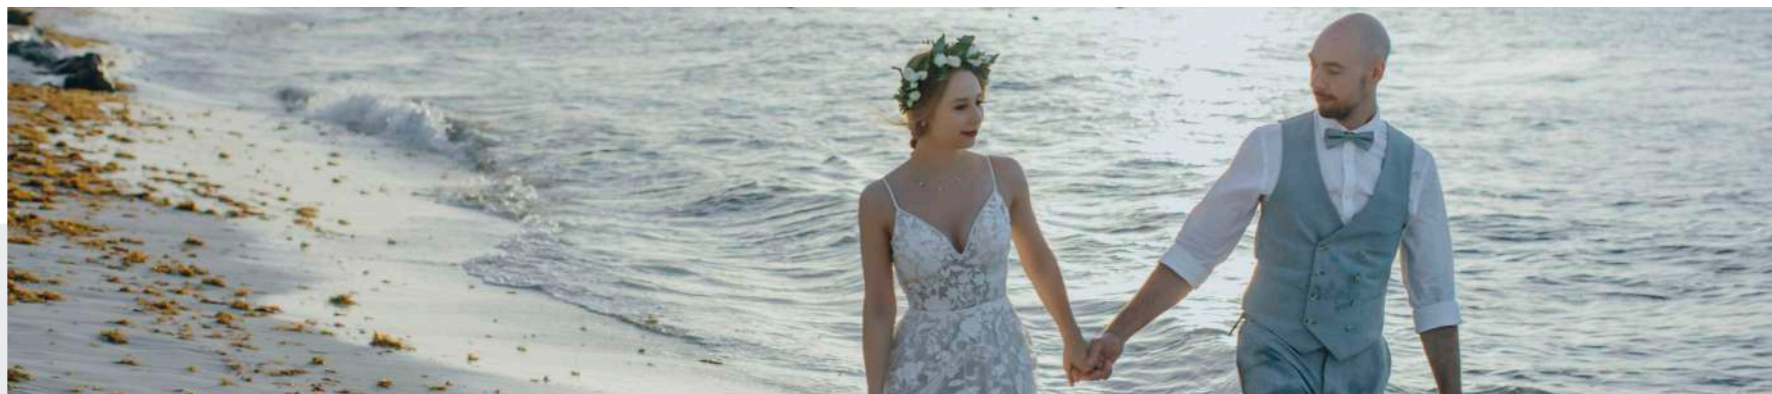

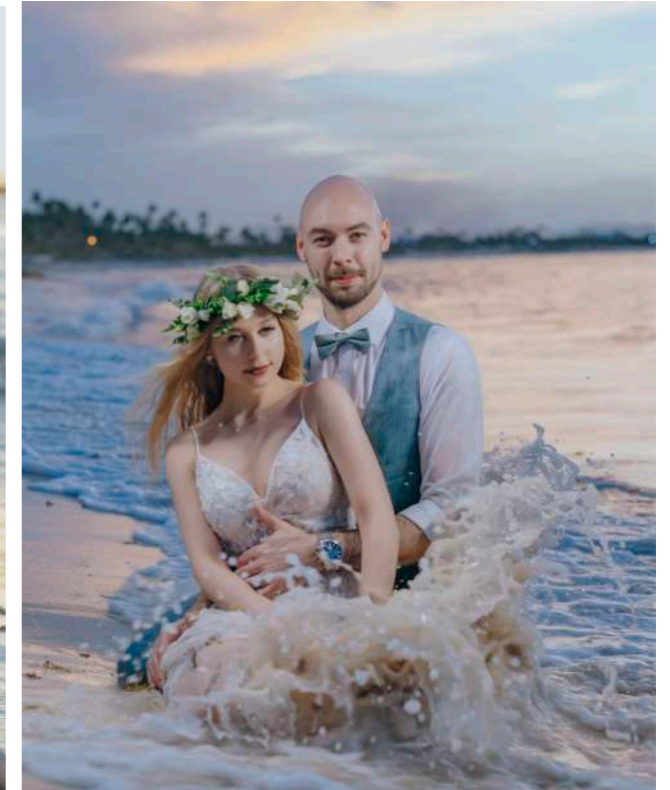

Trash the dress", also known as "fearless bridal" or "rock the frock", is a style of [wedding photography](#) that contrasts elegant feminine clothing with an environment in which it is out of place creating a photo essay of contrast, beauty, and dramatic transformation.

The motivation for brides is symbolic representing the end of the wedding and her transformation of a bride to a wife rather than storing it forever never to be seen again. After-all, the wedding the dress has no other uses. The session can include her husband, the bridal party or flower girl and can be romantic, elegant, comical, and even sensual.

Questions

Music Slideshow:

Our musical slideshows are a shareable, fun highlight of your wedding day. We carefully choose our favorite images from your big day, sync them to music, add a little text and – voila! – you have a great souvenir.

A lot more time goes into these than you might think, but we make sure to make them feel authentic. You can use your slideshow in your gallery, play it on your computer, or share it with friends on Facebook, YouTube, Vimeo and most other social networks. You can even play these HD videos on your mobile device.

Online Gallery:

We sort all of your finished images into a viewable, shareable gallery on the internet. You can share the link with anyone whom you would like to show your photographs!

One of the best features of the gallery is that it is connected directly to our professional print lab. That means any of your friends and family can order their favorite prints directly from the site, without contacting us or bothering you! The shots are beautiful and the prices are good, so many people take advantage of this feature. Want to see a sample gallery? Check it out a [Sample Gallery Here](#).

Digital Download:

For pre-wedding shoots such as bridal portraits and engagement sessions, you want your photos fast. Digital downloads are available right away so that you can put them to use in designing your Save-the-Dates, invitations and wedding décor.

Your images will be viewable online within three weeks of the date of your wedding. Custom packages, on the other hand, take time to create. Trust us, they're worth the wait!

First Look:

This can be an emotional part of the day and it's always one of our favorites! Once the location is set up by your photographer, the groom will be placed in position and the bride will surprise him. Usually, this is just a moment between the bride and groom and the photographer or videographer on hand.
