WWW.VISITJAMAICA.COM

Getting around Jamaica is easy! Whether you are planning to trek around the Island; looking for an airport transfer; seeking to arrange a ride to visit one of our many attractions; or simply planning to go shopping, many transportation options are available to you.

All transport operators legally operating in the tourist industry are required to have a JTB license. Many operate from your hotel taxi stand, the airport, cruise port, or other designated areas. Remember, taxis are not metered in Jamaica, so be sure to negotiate or be aware of the prescribed fare for your journey, ahead of boarding the vehicle. Most hotels will have a prescribed rate board somewhere at the front desk or in the lobby.

Authorized taxis usually carry a red license plate and those working in the tourist industry must display a valid JTB sticker on their windshield. Most rates are quoted the same for the first four (4) passengers. JUTA is the largest co-op fleet of transport operators on the Island but there are several others. Please visit www.visitjamaica.com and click on "ground operators", for a larger list of licensed operators.

Knutsford Express is a luxury coach service, which provides non-stop journeys between different cities and towns across the Island. See more information online at: www.knutsfordexpress.com
